Multi Day Handcycling and aMTB Camps 2026

Here is a collection of multi-day handcycling and aMTB camps in the US. A lot of these can be sponsored by a scholarship from Kelly Brush, Challenged Athlete, or other organization. This list is by no means complete, please feel free to add others by filling out this [form](#) or in the comments or in this [spreadsheet](#).

Multi day camps are great as they are

- An opportunity to spend extended time with a handcycle
- A chance to meet other like minded adaptive athletes
- Learn about a variety of different handcycles
- Have a great time exploring scenic places without having to lug your own handcycle (although many camps allow you to bring your own)

IMPORTANT NOTE: You can apply for a [scholarship](#) from Kelly Brush to cover expenses for any of these camps
