Multi Day Handcycling and aMTB Camps 2026

Here is a collection of multi-day handcycling and aMTB camps in the US. A lot of these can be sponsored by a scholarship from Kelly Brush, Challenged Athlete, or other organization. This list is by no means complete, please feel free to add others by filling out this form or in the comments or in this spreadsheet.

Multi day camps are great as they are

- An opportunity to spend extended time with a handcycle
- A chance to meet other like minded adaptive athletes
- Learn about a variety of different handcycles
- Have a great time exploring scenic places without having to lug your own handcycle (although many camps allow you to bring your own)

IMPORTANT NOTE: You can apply for a scholarship from Kelly Brush to cover expenses for any of these camps
