

Delta Off-road

Description: The classic Delta handcycle style with two wheels in the back and one in the front. The gravel version of delta is more upright than road, has mountain bike tires, but no suspension and less clearance than off-road.

Pros	Cons
Ability to go off-road Suspension makes ride smoother, even on roads with potholes	Front wheel drive will cause issues on inclines Crappy turning radius makes a lot of off-road trails impossible

Handcycle models

Handcycle	Price	Image
Bowhead Rogue	\$13,999 has e-assist has suspension	
Lasher ATH-FS	\$14,995 has suspension	
Lasher ATH-FSe	\$20,995 has e-assist has suspension
