Maddiline Sterrato

reactive adaptations Mako.jpg
The Maddiline Sterrato is an Italian-crafted aluminum alloy gravel and off-road handcycle with e-assist capability. It features an innovative adjustable fork, a thru-axle system for enhanced frame stiffness and wheel alignment, and a unique rear axle system allowing quick switching between 27.5" and 20" wheels for terrain versatility. Battery is mounted on a welded plate that doubles as the seat base. Supports Bafang and OLI Sport Plus motors up to 750W with dual battery option. Adaptive drivetrain options for tetraplegic riders. Tektro hydraulic disc brakes with parking brake. Available in two wheelbase configurations.
